

MUDr. Lenka Lapidés

MUDr. Lenka Lapidés graduated from the Comenius University, Faculty of Medicine in Bratislava. A part of her studies she completed in Finland. She worked for 6 years in Germany. In Munich she passed the attestation exam in the field of gynaecology and obstetrics. After the attestation, she was in a team of leading physicians in Bavaria where she worked in the field of gynaecological oncology under the leadership of Prof Kuhn. She undertook internships in the clinics in Israel, Great Britain, Finland, Germany, Austria, and the Czech Republic. Today, she is a member of several international professional societies, incl. ESHRE. Currently, she works in the ISCARE clinic of reproductive medicine in Bratislava and the Woman&Health clinic of gynaecology and obstetrics in Vienna. As part of her PhD studies, she has been dedicated to the immunological factors in infertility.
